

- The Protection Centre has created a Two Factor Authentication process for every login to protect your security and your clients privacy.
- The following screenshots are clear instructions to guide you through the process.
- You will only need to request a code once every 24 hours, or if you change computers/browsers.
- The authentication codes are emailed directly to you from operations@theprotectioncenter.ca.
- If you do not receive the email in your inbox, please check your junk mail and mark as "Not junk" to avoid any issues receiving these emails.
- Please contact your representative if you experience troubles or have questions about this process.

Enter Two Factor Authentication Code

Submit Code

Resend Code via Email
